Please note:

Before being placed on the Board of Health agenda, the following must be submitted to the Secretary of the Board of Health at least twenty-eight (28) days prior to the meeting at which consideration is desired:

- *1. 14 copies of Septic Design Plans (map/plat) with soil testing clearly marked and identified.
- *2. 14 copies of any/all revisions/resubmissions/corrections as requested by Board of Health, Board of Health Engineer, or Hunterdon County Health Department.
- *3. 14 copies of Engineer's soil testing report on all lots.
- *4. 14 signed and sealed copies of surveyors map.
- *5. Wetlands statement in writing in one of three ways:
 - o by written statement
 - o a wetlands expert can be hired to inspect the property and provide statement.
 - o an LOI may be obtained.
- *6. Escrow funds (***\$750.00 payable by check to Readington Township***) with W-9 form (attached) as required by Board of Health Ordinance #98-04, amended BH:01-2007.
- *7. For sub-divisions (this includes any property with more than 1 lot) a potability test for existing wells should be provided.
- 8. Township Inspector (witness') testing reports on all lots.
- 9. Board of Health Engineer and/or County reports/recommendations on all lots. Please note that **submission of application to the County** is the applicant's responsibility.

**** APPLICANT'S RESPONSIBILITY.***

Please note the following:

- Include your block and lot numbers on all correspondence.
- A licensed engineer should be present at the hearing of your application.
- It is also the applicant's responsibility to make certain that lot numbers are indicated and coincide on all test reports, including Township Inspector (witness') reports, County reports and plot plans. No time will be taken at the meeting to make these corrections.
- It is the responsibility of the applicant's engineer to complete and submit revisions based on Board of Health Engineer Ferrero Engineering, Inc.'s review letter(s). Be advised that applications are listed on a Board of Health Agenda **only after all deficiencies as identified by the Board of Health Engineer are resolved** and therein are placed on the agenda on a first come first serve basis, with malfunctioning systems first, then new single lots and finally, subdivisions.

If you have any questions regarding the above, please do not hesitate to contact this office.

Please return this form with all copies to: Readington Township Board of Health
