**1. APPLICATION:** Only one Supplemental Farmland Assessment Gross Sales Form, FA-1 G.S., should be filed with the municipal assessor on or before August 1 of the pre-tax year. **You are reporting the pre-tax year's gross sales for qualification in the next tax year. Late or incomplete applications will be denied.** At the assessor's request, applicants must provide proofs of eligibility as to ownership, land area, farming activity and gross sales. FA-1, WD-1, and FA-1 G.S. forms are prescribed by the Director, N.J. Division of Taxation. Lands in Farmland Preservation Programs must still meet the criteria and filing prerequisites of the Farmland Assessment Act to receive preferential reduced assessment.

**Filing Extension-**Assessors may grant an extension of time for filing an FA-1 application and FA-1 Gross Sales form, but no later than September 1 of the pre-tax year, if the assessor is satisfied that failure to file by August 1 was due to (1) the owner's illness and a physician's certificate stating that the owner was physically incapacitated and unable to file by August 1 and the FA-1 & FA-1 G.S. forms are filed with the assessor; or (2) the death of the owner or the owner's immediate family member and a certified copy of the death certificate and the FA-1 & FA-1 G.S. forms are filed with the assessor by the owner or by the executor/executrix of the owner's estate. "Immediate family member" means an owner's spouse, child, parent or sibling residing in the same household. (See N.J.S.A. 54:4-23.6d.)

**2. QUALIFICATIONS:** "Farmland assessment" means valuation, assessment and taxation under the Farmland Assessment Act. Land may be eligible for "farmland assessment" when:

- b. The land area actively devoted to agricultural or horticultural use is not less than 5 acres, exclusive of the land upon which the farmhouse is located and such additional land actually used in connection with the farmhouse.
- c. Gross sales, fees, or payments average at least \$1,000 annually on the first 5 acres (or \$500 annually on the first five acres for land under an approved Woodland Management Plan) and average \$5 per acre on acreage above 5 acres and \$0.50 per acre on woodland and wetland. (See N.J.S.A. 54:4-23.5.)
- d. Application by the owner is filed on or before August 1 of the year immediately preceding the tax year. (See N.J.S.A. 54:4-23.13a and 54-23.6.)
- e. Farmland management units less than 7 acres are required to submit a descriptive narrative of agricultural/horticultural uses, a sketch of their location, and number of acres devoted.

**SECTION I-IDENTIFICATION:**

"Owners' Name"- List every individual, partnership or corporation having an ownership interest in the land.

If necessary, attach a separate sheet with the break down of additional products produced on the farm and the acreage devoted to those products. "Equine" includes breeding, raising, boarding, training, or rehabilitating. "Pasture Land" should be used when claiming imputed grazing value for grazing of any livestock. Appurtenant woodlands, appurtenant wetlands, lands under streams or ponds, land under solar panels, or other uses that qualify for Farmland Assessment but do not produce income should be listed under "Non-Income-Producing".

"Total Acres"-is the total acreage under Farmland Assessment (income producing plus non-income-producing acres) on the property and should correspond to the value on Line 8 of the FA-1 Application.

"Final Income"-is the income produced by the Farmland Assessed acres, including income attributable to agricultural/horticultural products produced thereon, payments received under Federal soil conservation programs, fees received for breeding, raising or grazing livestock, income imputed to grazing land as determined by the State Farmland Evaluation Committee, and fees received for boarding, rehabilitating or training livestock where the land under the boarding, rehabilitating or training facilities is contiguous to land otherwise qualified for Farmland Assessment. Rents paid to owners by tenant farmers **do not** constitute gross sales. Generated energy from any source is **not** an agricultural or horticultural product and any power or heat sold from biomass, solar, or wind energy generation is **not** income for valuation, assessment and taxation of land pursuant to the "Farmland Assessment Act of 1964."

**For qualification for Farmland Assessment**, the first 5 acres must have averaged at least **\$1000 in the two previous years**, or there is clear evidence of anticipated yearly gross sales and payments of at least **\$1000 within a reasonable time period**.
