

**READINGTON TOWNSHIP  
MAYOR GERARD SHAMEY**

**November 14, 2006**

It was my expectation that the Court would allow for a limited period of discovery and we feel that the time period is reasonable. We look forward to moving the process forward with the two court-appointed masters over the next few months.

We are pleased with the Judge's decision to dismiss the motion to intervene by Kevin Devine and his group.

Since the case is still pending, we will not have any further comments.
